You may use a portable and saveable pdf version of the Flood Information Form available at <a href="http://54.221.221.214/dbflood/ODOT\_FloodInformationForm.pdf">http://54.221.221.214/dbflood/ODOT\_FloodInformationForm.pdf</a>. If you would like to include attachments, please complete your form, save it, rename it (using the instructions below), and email it (with any attachments) to <a href="https://www.water.edu.org">wttps://www.water.edu.org</a> and <a href="https://www.sps.com/sp

## County-IndexNumber-YourEmail-DateOfHighwater

The Index Number (Example: 0001) can be any number; its purpose is to make the filename unique for highwater measurements made on the same day in the same county. For attachments (such as digital photos or scanned map drawings), use the same naming format and index number but add a letter after the index number.

Example filenames for a flood survey form with two photo attachments: Pittsburg-0004-John.Smith@company.com-20140625.pdf Pittsburg-0004a-John.Smith@company.com-20140625.jpg Pittsburg-0004b-John.Smith@company.com-20140625.jpg

Thank you for using the new digital version of the ODOT Flood Information Form 16!
