

STATE OF OKLAHOMA
DEPARTMENT OF HIGHWAYS
SURVEY DIVISION

FLOOD INFORMATION FORM

To be used in obtaining and transmitting flood water elevations for Survey Division office record files. This information to be obtained by all Chiefs of Party or others in their vicinity in times of unusual high water, or at any time available from a reliable source. The elevations can be recorded by level reading, by measurement from bridge floor, in relation to a house, above roadbed or any other dependable, clear manner that fits the situation, the highest order possible to be used. Separate report to be made on each crossing or place obtained.

County Creek Date highwater occurred October 5, 1986

EW 66.75 & NS 390.25 Sec lines
Highway number County Road. Name of stream Nickel Creek.

Direction and distance from nearest town, village or store 1.1 mile East of Hwy 66
on EW 66.75 Sec. line. County Road.

Section, Township and Range Sec. 8, T-18-N, R-12-E.

Description of Location Nickel Creek Bridge on EW 66.75 Sec. line. County Road.

Elevation 0.5' above bridge floor. Source of levels _____
