

STATE OF OKLAHOMA  
DEPARTMENT OF HIGHWAYS  
PLANS AND SURVEY DEPARTMENT

FLOOD INFORMATION FORM

To be used in obtaining and transmitting flood water elevations for Plans & Survey office record files. This information to be obtained by all Chiefs of Party in their vicinity in times of unusual high water, or at any time available from a reliable source. The elevations can be recorded by level reading, by measurement from bridge floor, in relation to a house, above roadbed or any other dependable, clear manner that fits the situation, the highest order possible to be used. Separate report to be made on each crossing or place obtained.

County Kay Date highwater occurred October 2 & 3, 1959  
Highway number US 177 Name of stream Side Drain Culvert near Bird Nest Cr.

Direction and distance from nearest town, village or store Approx. 6 miles south & east on US 177 from Tonkawa

Section, Township and Range Between Sections 34 & 35, T25N, R1W

Description of Location At a Side Drain Culvert under a Section Line Road on the West Side of US 177.

Method obtained Fennel Level

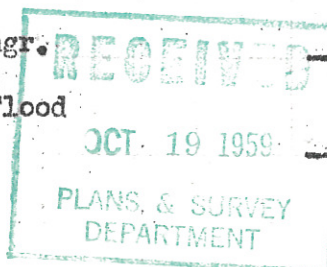

Elevation Down 0.1 ft. from south Hdwl. of 6X2 R.C.B. Side Drain Culvert  
~~Source of Elevation~~

Was highwater mark obtained from actual water, drift, local resident, U. S. Engineers, etc? Water marks and drift.

Explanatory Remarks Some of this water was probably from overflow from Birds Nest Creek which is just north of this location. Water flooded over highway for some time at this point.

Location to be shown on back of this sheet as a check.

Field Note: To be sent to Engr. of Plans & Survey (1 copy).  
Office Note: To be filed in Flood Information by Counties.
