Form No. 16  
Rev. Sept. 10, 1961  
MAY 27 1968  
SURVEY DIVISION

FLOOD INFORMATION FORM

To be used in obtaining and transmitting flood water elevations for Survey Division office record files. This information to be obtained by all Chiefs of Party or others in their vicinity in times of unusual high water, or at any time available from a reliable source. The elevations can be recorded by level reading, by measurement from bridge floor, in relation to a house, above roadbed or any other dependable, clear manner that fits the situation, the highest order possible to be used. Separate report to be made on each crossing or place obtained.

County LeFlore Date highwater occurred May 13, 1968

Highway number SH 112 Name of stream Poteau River

Direction and distance from nearest town, village or store At Northeast edge of Poteau, Oklahoma.

Section, Township and Range Section 19, T-7-N, R-26-E

Description of Location Highwater elevation obtained at east end of present concrete and Steel Truss Bridge on present SH 112 crossing of the Poteau River. South edge of bridge.

Elevation 9.3 Ft. below BM (BM described below) ? Source of levels \_\_\_\_\_

Method obtained Wye Level Date obtained May 15, 1968

Did it appear to be  normal  medium  extreme  do not know

Was highwater mark obtained from actual water, drift, local resident, U. S. Engineers, etc.? Elevation obtained by Moran and two members of this party. Obtained from silt and drift on south side of road fill, east end of bridge.

Explanatory Remarks The high-water had subsided approximately four feet at the time this elevation was obtained. - The rain guage located at the State Highway Department Maintenance Office at Poteau measured 7.85 inches of rain for the period of May 13th & 14th, 1968. The heaviest rain was in the Cavanal Mountain Range. - SH 112 traffic was blocked a few hours due to water being over the highway west of the SH 112 bridge.  
BM = Center Line Concrete Bridge Floor, present SH 112 Bridge, East end of Bridge.

Location to be shown on back of this sheet as a check.

Field Note: To be sent to Survey Engineer
