Survey Division  
Form No. 16  
Rev. Sept. 10, 1961

STATE OF OKLAHOMA  
DEPARTMENT OF HIGHWAYS  
SURVEY DIVISION

FLOOD INFORMATION FORM

To be used in obtaining and transmitting flood water elevations for Survey Division office record files. This information to be obtained by all Chiefs of Party or others in their vicinity in times of unusual high water, or at any time available from a reliable source. The elevations can be recorded by level reading, by measurement from bridge floor, in relation to a house, above roadbed or any other dependable, clear manner that fits the situation, the highest order possible to be used. Separate report to be made on each crossing or place obtained.

County LeFlore Date highwater occurred May 15, 1968  
Highway number US 271 Name of stream Fourchemaline Creek (Upper end of Wister Lake)

Direction and distance from nearest town, village or store Approximately 17 miles north of Talihina. or 3 miles south of Jct US 270 & US 271 4 1/2 miles east of Fanshaw.
