

Survey Division Form No. 16 Rev. Sept. 10, 1961

STATE OF OKLAHOMA DEPARTMENT OF HIGHWAYS SURVEY DIVISION

FLOOD INFORMATION FORM

To be used in obtaining and transmitting flood water elevations for Survey Division office record files. This information to be obtained by all Chiefs of Party or others in their vicinity in times of unusual high water, or at any time available from a reliable source. The elevations can be recorded by level reading, by measurement from bridge floor, in relation to a house, above roadbed or any other dependable, clear manner that fits the situation, the highest order possible to be used. Separate report to be made on each crossing or place obtained.

Survey Engineer Location Engineer	CountyTulsa	Date highwater occurred 5-27-84	
Direction and distance from nearest town, village or store East side of Tulsa on Mingo Valley Expwy. Section, Township and Range 30, T-19-N R-14-E Description of Location 3 mi. North of 51st St. South on Mingo Valley Expwy. Elevation 662 Source of levels Method obtained Hand Level & Level Rod Date obtained 5-29-84 Did it appear to be normal medium Mextreme do not know was highwater mark obtained from actual water, drift, local resident, U. S. Engineers, etc.? Debris in grass along roadway. Explanatory Remarks Water was over Hdwl. of this R.C.B. B.M. 'X' on S. end of E. conc. Hdwl. marked 660.67 Location No. 5 on back of this sheet. Location to be shown on back of this sheet as a check. Field Note: To be sent to Survey Engineer	Highway number U.S. 169	Name of stream Mingo Greek	
Section, Township and Range 30, T-19-N R-14-E Description of Location 3 mi. North of 51st St. South on Mingo Valley Expwy. Elevation 662 Source of levels Method obtained Hand Level & Level Rod Date obtained 5-29-84 Did it appear to be normal medium Mextreme do not know Was highwater mark obtained from actual water, drift, local resident, U. S. Engineers, etc.? Debris in grass along roadway. Explanatory Remarks Water was over Hdwl. of this R.C.B. B.M. 'X' on S. end of E. conc. Hdwl. marked 660.67 Location No. 3 on back of this sheet. Location to be shown on back of this sheet as a check. Field Note: To be sent to Survey Engineer
