## FLOOD INFORMATION FORM

To be used in obtaining and transmitting flood water elevations of Survey Silvision office record files. This information to be obtained by all Chiefs of Party or others in their vicinity in times of unusual high water, or at any time available from a reliable source. The elevations can be recorded by level reading, by measurement from bridge floor, in relation to a house, above roadbed or any other dependable, clear manner that fits the situation, the highest order possible to be used. Separate report to be made on each crossing or place obtained.

County Tulsa	_ Date highwater occurred June 28, 1969
Highway number SH. 20	Name of stream Bird Creek
Direction and distance from nearest	t town, village or store Approx. 1 mile E. of
Skiatook on SH. 20 Highway	
Section, Township and Range Sect	tions 19 & 30, T-22-N,R-13-E.
North Peoria. (Note: this loca	00 ft. East of the Intersection of SH. 20 ation is 90° to the fifth power pole east of tand SH. 20 (pole line is north of road.)
Elevation 626.5 (extreme high)	Source of levels USC&GS
Method obtained Engineer Reg Level	Date obtained June 30, 1969
Did it appear to be  normal [	□medium △extreme □do not know
Was highwater mark obtained from ac U. S. Engineers, etc.? <u>nrights</u> and fence post Obtained by Mo	Field and water silt marks on power poles
